Saturday, November 16, 2019

Saint Agnes Medical Center
1303 E. Herndon Ave. Fresno, CA 93720

7:30 am - 12:15 pm

DIABETES

AGENDA

Modern Insulins—Worth the Cost?

Helen L. Baron, MD, *Executive Vice President & CMO, The Torvus Group*

Inhales Insulin—Again—How is it different?

Anne Peters, MD, *Director, USC Clinical Diabetes Program Professor of Clinical Medicine, Keck School of Medicine*

Closing the Loop—Almost there: Update on Sensor & Pumps.

Satish Garg, MD, *Professor of Pediatrics, Professor of Medicine and Director of Adult Diabetes Division, University of Colorado*

Adolescent & Diabetes— Facing the Challenge – with Family and Community.

Mary Simon, MD, *Private Practice, Fresno, CA*

Cardiovascular Outcome Trials: Should they influence choice of therapy?

Joseph Hawkins, MD, FACE, *Assistant Clinical Professor, UCSF Fresno, Sierra Endocrine Associates*

OBJECTIVES

At the conclusion of this activity, the participants will be able to;

- Identify and select optimal insulin formulation for safety and efficacy.
- Recognize the benefits of rapid onset and rapid off insulin.
- Identify and recognized the utility of a closed loop system.
- Identify resources which help patients and families with diabetes manage and cope with chronic disease.
- Compare treatment options for type 2 diabetes based on the non-glycemic risks and benefits of each class of diabetes medications.
